

Edmonton's economic indicators are on the rise...

and this will bring back the key categories of new home building and a re-investment in living spaces. What was a spending 'pause' in 2009 and 2010 is predicted to become a full-out, pedal to the floor, economic tsunami over the next three years. Consequently, as a participating exhibitor in the first major buying show of the year, your fortunes will shine - but only if you register NOW!
